

Installation site will be at Mana Contemporary, 2233 S Throop. We are open to proposals that make use of common areas, like the elevator, stairwells, or other public common spaces.

Below are images and dimensions for two possible sites:

**The elevator:** this freight elevator is enclosed and the main transportation between floors.

**120 inches width x 8 ft deep x 92 inches height**

Stairwells: can happen on one floor or multiple. Dimensions are roughly the same for each floor.

**139 inches width 12ft 3 inches height**
